Hi Ben,

Pending review by Deborah, there will be an e-routing letter for you to review.

This letter is going out to multiple PRPs, so I would like to request that you review it through e-routing first. Once any changes are made, I will do the mail merge and have the multiple letters printed for your signature rather than print multiple letters and have to make changes to all of them.

If you want to see the letter printed to review, let me know.

I don't plan to send these out until I return from leave (July 14). These letters are going to PRPs that requested ability-to-pay analyses about 4 years ago. The program had decided to wait to deal with these PRPs until the CD was finished. Since these letters are coming years after the request, I would prefer to be in the office to be responsive to any questions by the recipients. I also have to give a heads up to 6XA concurrently with sending these.

Thanks

Kevin
